"GROUCHO" AND "HARPO" were among the prize winners at the State Bank of Antioch last Friday as most of the female employees showed up for work in Halloween costumes. Bank officials voted on the winners and then gave prizes to all participants. "Groucho" really was Monica Wagner and "Harpo" was Debbie Aerne. More pictures of the bank employees in costume appear on page 14.

## Housing Development Faces Some Hurdles

An old issue - a 240-unit housing development - came up at Monday night's meeting of the Antioch village board.

It's called Hickory Hollow and, if it's ever built, it will be between Garys Drive and Anita St., south of North Ave. and north of Depot St.

But there seem to be some problems facing the developers, Rudolph Melchiorre and Joseph Nuccio.

They are seeking federal financing for 76 one-bedroom units that would rent for \$250 a month, 82 two-bedroom units that would rent for \$285, and 66 three-bedroom units that would rent for \$355.

THERE ALSO would be a clubhouse, maintenance build-

ings, a swimming pool and tennis courts.

But their agreement with the village, made more than three years ago, calls for the construction of condominiums and townhouses. Not rental units.

If Melchiorre and Nuccio have changed their plans, Village Attorney Andrew Lynch said:

"They will have to come to us. We should send the Northeastern Illinois Planning Commission (NIPC) a copy of our ordinance and agreement. They will have to put up the type of development we agreed to."

NIPC is serving as a "clearing-house" for the developers' mortgage-seeking endeavors.

IN OTHER action Monday night, the board opened six bids for the North Ave. sanitary sewer and water main extension project.

It was awarded to the low bidder, William Vos of Antioch, for \$17,917. Village sewer and water will be extended on North

## Wilton To Run For County Auditor Post

Antioch's mayor, Robert C. Wilton, has announced that he will be a Republican candidate for the Lake County auditor post. The primary election is Mar. 16.

Wilton said he will not be giving up his position as mayor of Antioch. A story appearing in another newspaper indicated he would resign as mayor, but Wilton said he understood there would be no conflict between the two jobs.

The auditor's post is full-time and Wilton's mayoral duties are part-time.

Lake County Auditor John Darrow, a Republican, is not seeking re-election and the Republicans are searching for a replacement candidate.

Wilton is a graduate of Bradley University with a

degree in business administration. He was a trustee for the village of Antioch from 1965 to 1973, when he was elected mayor.

He is on the board of directors of the Lake County Municipal League and has been an Antioch businessman for 17 years.

## Nina Rosquist 'Slightly Improved'

Nina Rosquist, the 6-year-old Antioch girl injured in a car-train collision Oct. 18, was reported "slightly improved" at St. Therese Hospital in Waukegan yesterday.

Nina had been in critical condition for two weeks

following the accident. Yesterday, the supervisor of nurses said, "she is improved, but her condition is still serious. She is starting to respond and her condition has changed from

Ave. from Parkway Ave. to Hy. 83.

The board turned over to the planning and zoning boards a request from Antioch High School to have the remainder of its property annexed to the village. About 80 percent of the high school's property is now inside the village. The remaining 20 percent is mostly athletic field just west of McMillen Rd.

Trustee William Seemann set a meeting for Tuesday, Nov. 18, to discuss requirements of the new village treatment plant with local industrialists. Invitations will be sent to those industries that have sewage that might be "stronger than normal sewage."

The board also okayed annexation to the village of a lot purchased by Mr. and Mrs. George Hahn, in Oakwood Knolls subdivision on Cross Lake.

This Thursday's scheduled planning commission meeting was postponed until Wednesday, Nov. 19.

"The Bible was brought over on the Mayflower by two of his sons," Mrs. Connors said. It will be on display from 10 a.m. till 2:30 p.m. Other Bibles will be shown by Mary Lou Weber and an 1890 German Bible by Irene Jacobs.

The First National Bank of Antioch has donated a set of six Bicentennial plates which will be given as prizes.

WHAT A DAY they had last Saturday at Lyons-Ryan Ford. They had a sales meeting and two of the salesmen didn't show up. Their wives were having babies.

Within an hour, between 2 and 3 in the afternoon, Michael Patrick Creaney was born at Lake Forest hospital and David Paul Prill arrived at Burlington hospital.

Michael Patrick, of course, is the son of Mike and Denise Creaney. David's proud and happy parents are John and Mona Prill.

Needless to say, the gang at Lyons-Ryan were mighty excited that day. Imagine, two new babies to members of the same sales staff in the same hour!

THE ILLINOIS Bicentennial Commission has come up with a neat logo. Here it is ...

...and you'll be seeing it displayed throughout the state.

American witches, 280 of them, had their Halloween party in New York last Friday and made their annual predictions.

Among them were:

-Hubert Humphrey will be elected president.

-Medical researchers will conclude the number of germs transmitted during oral contact makes kissing a serious threat to the nation's health.

We immediately checked with our "horses and women" department, which quickly reported back that ...

If Humphrey is elected president, we should all double or triple our amount of kissing. It will make living in this country much less painful and ... you know, what a way to go!

AND NOW for the bad news. A Waukegan man was robbed of \$100 at knifepoint last week after picking up a hitchhiker. The knife was held to his throat and the hitchhiker and two accomplices drove off with his car.

BARRY GOLDWATER

## Civil Service Obsolete?

By SEN. BARRY GOLDWATER

Has Civil Service outlived its usefulness?

A growing number of government experts are beginning to raise this and other questions about what once was regarded as the greatest reform ever effected in government service.

The Civil Service system was enacted to wipe out the political "spoils" system under which government jobs were passed out on the basis of election victories. But the great reform of bygone years has now become a major obstacle to government efficiency.

Opponents of the Civil Service system, as now constituted, argue that the intricate arrangement of rules and regulations has become so wrapped up in red tape and confusion that it makes increases in productivity impossible.

In fact, the productivity office of the state of Washington claims most of its agencies believe the merit principle of Civil Service has been lost completely. As a result, rewards have little to do with an

individual's performance.

Under the system as it now operates, mediocrity is the order of the day. And it gets rewarded automatically, while excellence is unrecognized. Strangely enough, the critics of the Civil Service system now include even the National Civil Service League which worked for and obtained passage of the first federal Civil Service Law in 1883. In 1970 the league shifted its policy and now recommends that hiring and firing be placed under a personnel director responsible to the chief executive officer of the political subdivision. It also recommends that the Civil Service Commission be abolished or transformed into boards to oversee honest operation of personnel systems.

## Share Your Skills With Students

The Environmental Education department of the Antioch Grade School district is looking for people in the area with skills they are willing to share with students and teachers.

If you have a hobby, special interest or trade, the program staff will make the arrangements.

"You may visit classrooms in person or the staff will make a filmstrip cassette program of your area of interest. This will make it possible for you to share without having to leave your home if that is difficult. This will also make it possible for many more students to learn from you," said Mike Teeley,

project director.

"We would like to hear from everyone who has a skill that they can share. We want all skills whether you are a blacksmith, dollmaker, knitter, photographer, cook, mechanic, coin or stamp collector, artist or whatever," Teeley said.

"One or two trips for you may reach 60 to 100 students in less than two hours," he said. "If you are willing to help or have any questions, please feel free to call the office at 395-5333 or 395-5334. We need help from everyone in the area."

## Babcox To Run For Re-Election

Robert H. "Mickey" Babcox of Grayslake today announced his candidacy for re-election to the office of coroner of Lake County.

Babcox, once known as the "Boy Coroner," held the office from 1952 through 1964, being first elected at the age of 22.

With experience as a former Lake County deputy sheriff and a licensed mortician, Babcox said he transformed the office "from a part-time political plum, passed out to party

faithfuls, to a modern 24-hour-a-day facility serving the people rather than the party."

"Compassion and dignity are the key words when serving in this highly emotional business," he said.

"Proper training, experience and education are essential. It is possible for a murderer to go undetected, an accidental death mistaken for a natural one or an innocent person accused of a crime".

## IN FOOTBALL CONTEST

### Tim Huebner Wins the \$15

Tim Huebner, a member of Antioch High's sophomore football team, correctly predicted that the Antioch varsity would beat Grayslake by 20 points last Saturday.

So Tim wins the \$15 first prize in the Antioch News football contest. The prize is being given by Pedersen Bros. Implement Co.

Six entrants in the contest missed by one point. Ron Jackson, Mike Dye and Tom Huebner (Tim's brother) all said Antioch would win by 21. Scott Kimball, Kathy Stagg and Dave Gutowski said the Sequoias would win by 19.

So the tie-breaker had to be

used again. It was the Bears-Miami game and Miami won by 33 points.

Dave Gutowski predicted Miami would win by 21 points and he came closest. So he wins second prize, a \$10 gift certificate at A&B Printing.

Scott Kimball predicted Miami by 20 and wins third prize, a \$5 gift certificate at Gibbs & Jenssen's Carousel.

The other four all said Miami would win by anywhere from 14 to 18 points.

## Relocation Director Appointed

Mike Warren, Antioch realtor, has announced the appointment of Fred Johnson as relocation director.

The appointment follows the recent affiliation of Michael Warren & Co, 392 Lake St., with the Century 21 Real Estate Corporation, as the 100th office in Illinois.

Johnson has been a resident of the Antioch and Lake Villa area for the past four years. He is a graduate of Rutgers College and was formerly on the administrative staff at Allendale School. Johnson first associated with Michael Warren & Co. a year and a half ago on a part-time basis. He has completed numerous real estate courses at the College of Lake County since receiving his real estate license.

Warren said, "Fred will do a terrific job for those clients relocating out of Antioch and those relocating into and near the Antioch community."

## Lake Dredging Goal in Sight

The Chain of Lakes-Fox River Commission is moving ahead toward its goal of dredging by next spring or summer.

At last Friday's meeting in Fox Lake, commission members agreed with the Division of Water Resources that a test embankment be constructed in order to determine the feasibility of a dike containment area at Pistakee Lake.

Gov. Dan Walker is releasing \$250,000 in state funds for dredging and channel improvements in the Chain of Lakes area.

The commission's engineering consultant, John Guillou, said he hoped the dike study could be finished before ice forms "so that we can go ahead with the full job next summer."

Guillou also reported on survey work now underway. He said that water depths have been determined on all lakes in the area, as far north as Grass Lake. The survey is to determine the amount of sedimentation in the lakes.

The commission had proposed dredging to begin in Nippersink Lake, near Rt. 12,

but borings have shown the bottom to be very soft, because of the amount of silt, and indications are that it might not be a good spot for a containment area.

Instead, it was recommended

# CHANNEL LAKE CHATTER

By LOUISE GUTOWSKI

Brownie Troop 177 held its investiture and social hour at Channel Lake school. Troop leader Mrs. Joanne Franz's first order of business was pinning her assistant, Mrs. Janet Freitag.

New Brownies receiving their pins were Heidi Anderson, Debbie Burton, Dawn Dobson, Cindy Doty, Cindy Willett, Gina Lubtak, Loreen Freitag, Robin Giltmeier, Rhonda Franz, Kim Turner, Jenny Rogers and Kim and Kelly Causey.

Receiving their one-year pins were Gina Franz, Jeri Gutowski, Heidi Audier, Rosemarie Fox, Barbara Jarr and Linda Larson. All the girls were pinned by their parents.

Highlight of the afternoon was cutting the delicious chocolate cake in the shape of and decorated like a little Brownie scout, baked for the event by Mrs. Fay Anderson.

Mrs. Harriet Runyard, Mrs. Dorothy Olson and Mrs. Kathy Rogers returned last week from a trip to Arkansas where they visited Mrs. Olson's brother.

Second grader Kenny Anderson is recuperating at home after having his tonsils and adenoids removed last Friday in a Chicago hospital. Kenny had to miss going trick or treating with his friends but said he didn't mind because he would be able to eat a lot of ice cream while getting well.

The Channel Lake Grade School children went on field trips last week. Kindergarten thru fourth grade went to the pumpkin farm near Winthrop Harbor, while the fifth grade went to the airport in Wilmet.

Cindy Willett and her parents, Bud and Betty, entertained about 20 children at a

Halloween party Friday. The children went on a hayride, had a coloring contest, played games and enjoyed refreshments.

Barbara and Don Bjork celebrated Halloween with a bonfire and hot dog roast for some their friends on Friday evening.

JUDY VENDL spent four days in Washington, D.C., last week with the camp director of Eagle Valley, trying to get the funds for the summer camp. Judy, a senior at Antioch High School, is assistant director of the camp. Highlight of the trip was taking her first flight and visiting some of the historical sites in our nation's capitol.

Pat and Dick Harland, along with their children Bill, Nancy and Jill, and friends Ron Gossman, Brian Kovack and Jim Becker traveled to Winona, Minn., recently to watch son Mike Harland participate in a cross-country meet with the South-east State University team.

Wayne and Dolly Bobo, Joe and Louise Gutowski, and Wally and Helen Glitz dined at the Millionaires Club and attended the Englebert Humperdink Show at Mill Run theater.

AREA RESIDENTS attend-

ing and participating in the Lake Region Homemakers Dinner-Fashion Show at the Holiday Inn in Gurnee were Agda Frozeth, Doris Meierdick and daughter Cindy, Lisa Dahl, Sheila Elsen, Jean Soby, Carol Whitton, Dorothy Furman, Barb Bjork and daughter Janet, Lorraine Lemke and daughter Susan, Martha Fallon and daughter Marcia, and this reporter and daughters Julie and Jeri.

The Bob Gossman family had three snowmobiles stolen from the backyard last week.

I hope the trick or treaters that took Jeri's garden-grown pumpkin from our yard and smashed it all over Lake Ave. last Friday evening are proud of themselves.

Let me know the news.

Louise

## Lions Club Bringing Gibron Here

One of life's rarities, a football coach who lost more games than he won but still managed to remain extremely popular ... that's Abe Gibron.

And the former coach of the Chicago Bears will be coming to Antioch Monday night as a guest of the Lions Club. The meeting begins with cocktails at

6:30, dinner at 7:30 and then a talk by Gibron. The place: Bristol Oaks Country Club.

## Astro-Analysis

By Sonia

**ARIES** [March 21 - April 19] — A good sense of humor is needed as relationships with others may be under stress. Don't take argumentative associates seriously. Help maintain a cooperative environment.

**TAURUS** [April 20 - May 20] — Don't allow outside distractions to disrupt that well planned schedule. Give top priorities your attention. Not a week for impulsiveness.

**GEMINI** [May 21 - June 21] — As ambitions remain high look for constructive ways to enhance career plans. The urge to show off creativity can be expressed effectively now.

**CANCER** [June 22 - July 21] — Old acquaintances can be helpful in getting things in their proper perspective. Don't side-step responsibilities by getting too involved in personal matters, however.

**LEO** [July 22 - August 21] — You set your own pace now; just be sure that obligations aren't over-extended. Try to use forethought before embarking on some unconventional plan.

**VIRGO** [August 22 - September 22] — Use potentials to their fullest; by recognizing your own capabilities you are able to establish a more permanent financial footing.

**LIBRA** [September 23 - October 22] — The picture you present of yourself to others is very important. Work on self-improvement. Shop for new attire that makes you more attractive.

**SCORPIO** [October 23 - November 21] — Forget fads and trends and concentrate on what's best for you. By being more individualistic you are more comfortable with others and in a better position to express ideas.

**SAGITTARIUS** [November 22 - December 20] — A close friend may prove his loyalty this week; it's better to stick with those who've proven to be tried and true. New relationships can pan out to be shallow ones now.

**CAPICORN** [December 21 - January 20] — Allow yourself lots of variety as there's a tendency to resent being tied to one particular cause. Form new friendships; socializing is the best outlet.

**AQUARIUS** [January 21 - February 19] — Enjoy a more relaxed atmosphere, keeping things on an intellectual rather than physical basis. Spend time with people who can communicate on your level.

**PISCES** [February 20 - March 20] — You can take an idea from scratch and make a worthwhile project out of it. Having a talent for seeing through a successful outcome is your best asset now.

APPLE DOLLS will be displayed by Geraldine Chandler at Saturday's Bicentennial Fair at the Lower Grade School. After the heads are formed, the bodies are made with wire and padding, then dressed as suitable characters.

that a test embankment be built to determine if a containment area would be feasible there.

The test embankment would run about 700 feet into Nippersink Lake. The commission passed a resolution to have its chairman, William E. Brook of Antioch, enter into an agreement with the Division of Water Resources to get the funds to accomplish the work.

The commission's project environmentalist, Ed Snearley, received permission to have a class of graduate students from

Eastern Illinois University come to the Chain of Lakes and work for the commission next summer on a 10-day vegetation study.

The commission will meet again in McHenry, sometime in December, to discuss regional waste water treatment planning with members of the Northeast-

# State Bank Has Its Annual Halloween Fun

Denise Wells (left) came as (pardon the expression) a pregnant angel with a black eye and a sign that said: "The Devil Made Me Do It." Diane Periman was the yellow bird in the middle and Cindy Damians the keystone cop.

Customers coming into the State Bank of Antioch last Friday couldn't be blamed if they were either frightened or amused, or thought for a moment that they had walked into the wrong place.

Most of the employees had reported for work in outstanding Halloween costumes.

Some of them are pictured here.

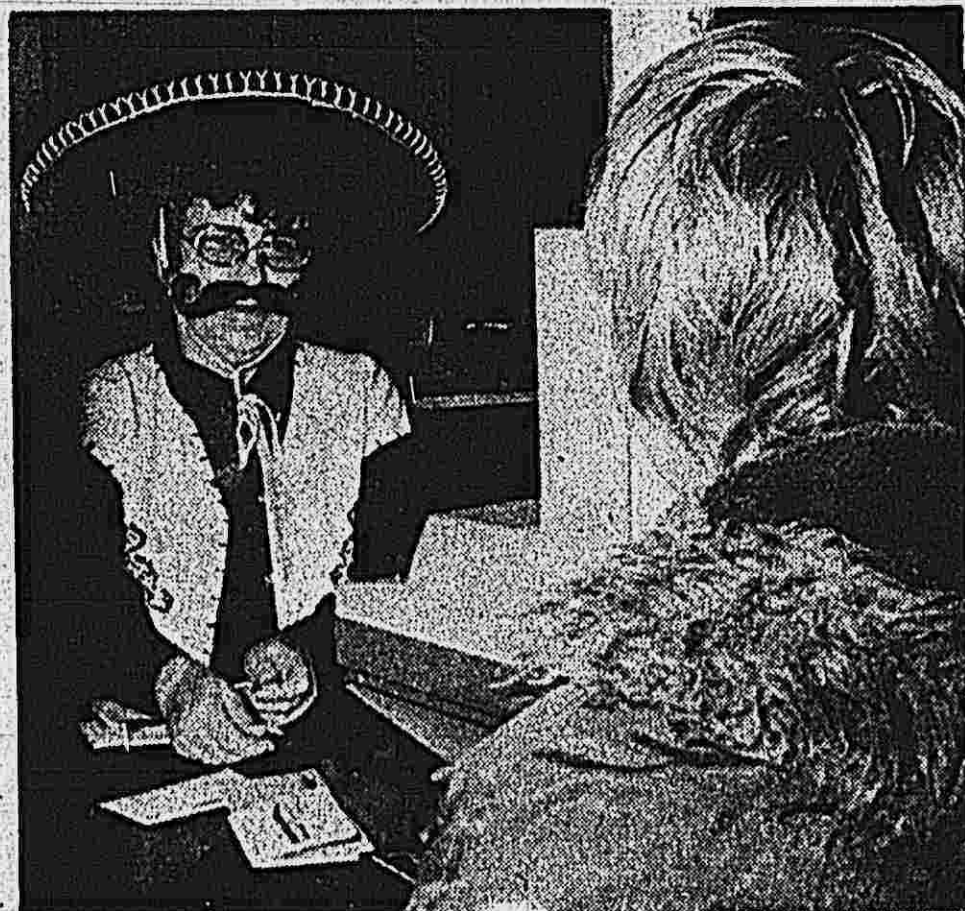

Well, well, if it isn't Carol Burnett ... or is that really Maryanne Kaht?

Jean Rockow (left) made believe she was scared out of her wits by Wanda Springer, who just came in out of the graveyard.

John Burnette was the only male employee of the bank who decided to come in costume ... as Aunt Jemima, yet.

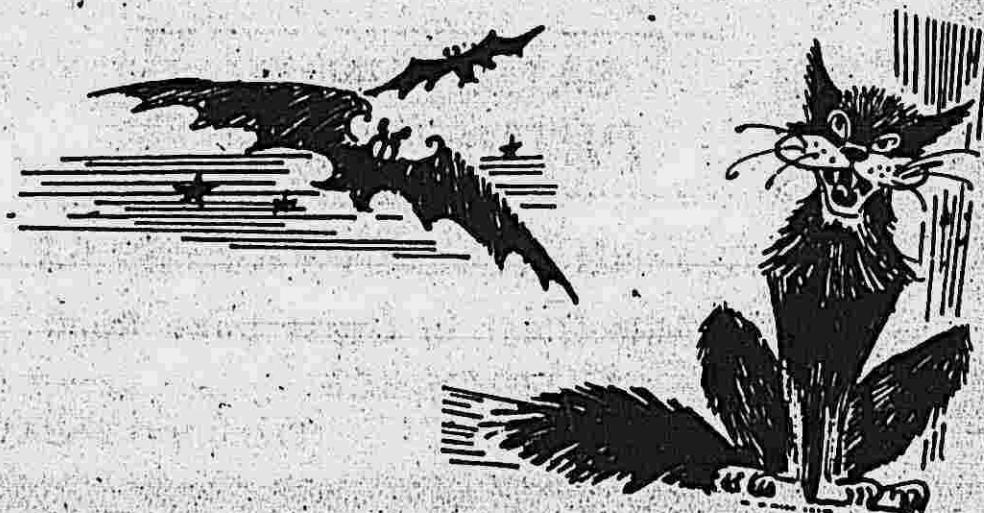

A bank customer did business with bandito Phyllis Kapischke.

Delores Pierce was half of a pair of dice. (The other half was out to lunch when the picture was taken.)

Karen Wiese (left) was a bird that unfortunately backed into a hunter (Laura Wilson).

Ten-speed bicycles were presented to Karla Bolton, a fifth grader at Emmons school, and Tony DiVito, a fourth grader at Oakland school.

PAINTING THE TOWN red, white and blue were the many participants in the Chamber of Commerce and Industry's fire hydrant contest. A \$200 cash prize will be given for the hydrant painted in the best bicentennial theme. Judging is expected to be completed this week and the winner will be contacted by the Chamber and named in next week's Antioch News. Above, painting a hydrant at the intersection of Lake and Main streets were (from left) Chris Thelen, Patti Thelen and Patty Zelasko.

## Pumpkin Posters Win Prizes for School Children

Antioch area school children from first through eighth grades participated in the second annual State Bank of Antioch Pumpkin Poster Decorating Contest.

The decorated posters, completed in classroom projects, were submitted in a wide variety of materials and mediums, and finalists were judged for their creativity and originality by Jane Craner and Sue Towns, art instructors at Antioch Community High School.

This year's grand prize winners of 10-speed bicycles are Karla Bolton, a fifth grader at Emmons school, and Tony DiVito, a fourth grader at Oakland school.

# Sequoits Finish 2nd in Conference

## 7-2 Record Makes Team Very Happy

Antioch's Sequoits went over to Grayslake last Saturday, whipped their old friends, the Grayslake Rams, 27-7, and finished tied for second in the conference standings.

They ended with a 7-2 record, not bad for a team that was 1-8 last year and was expected to finish in the second division this season.

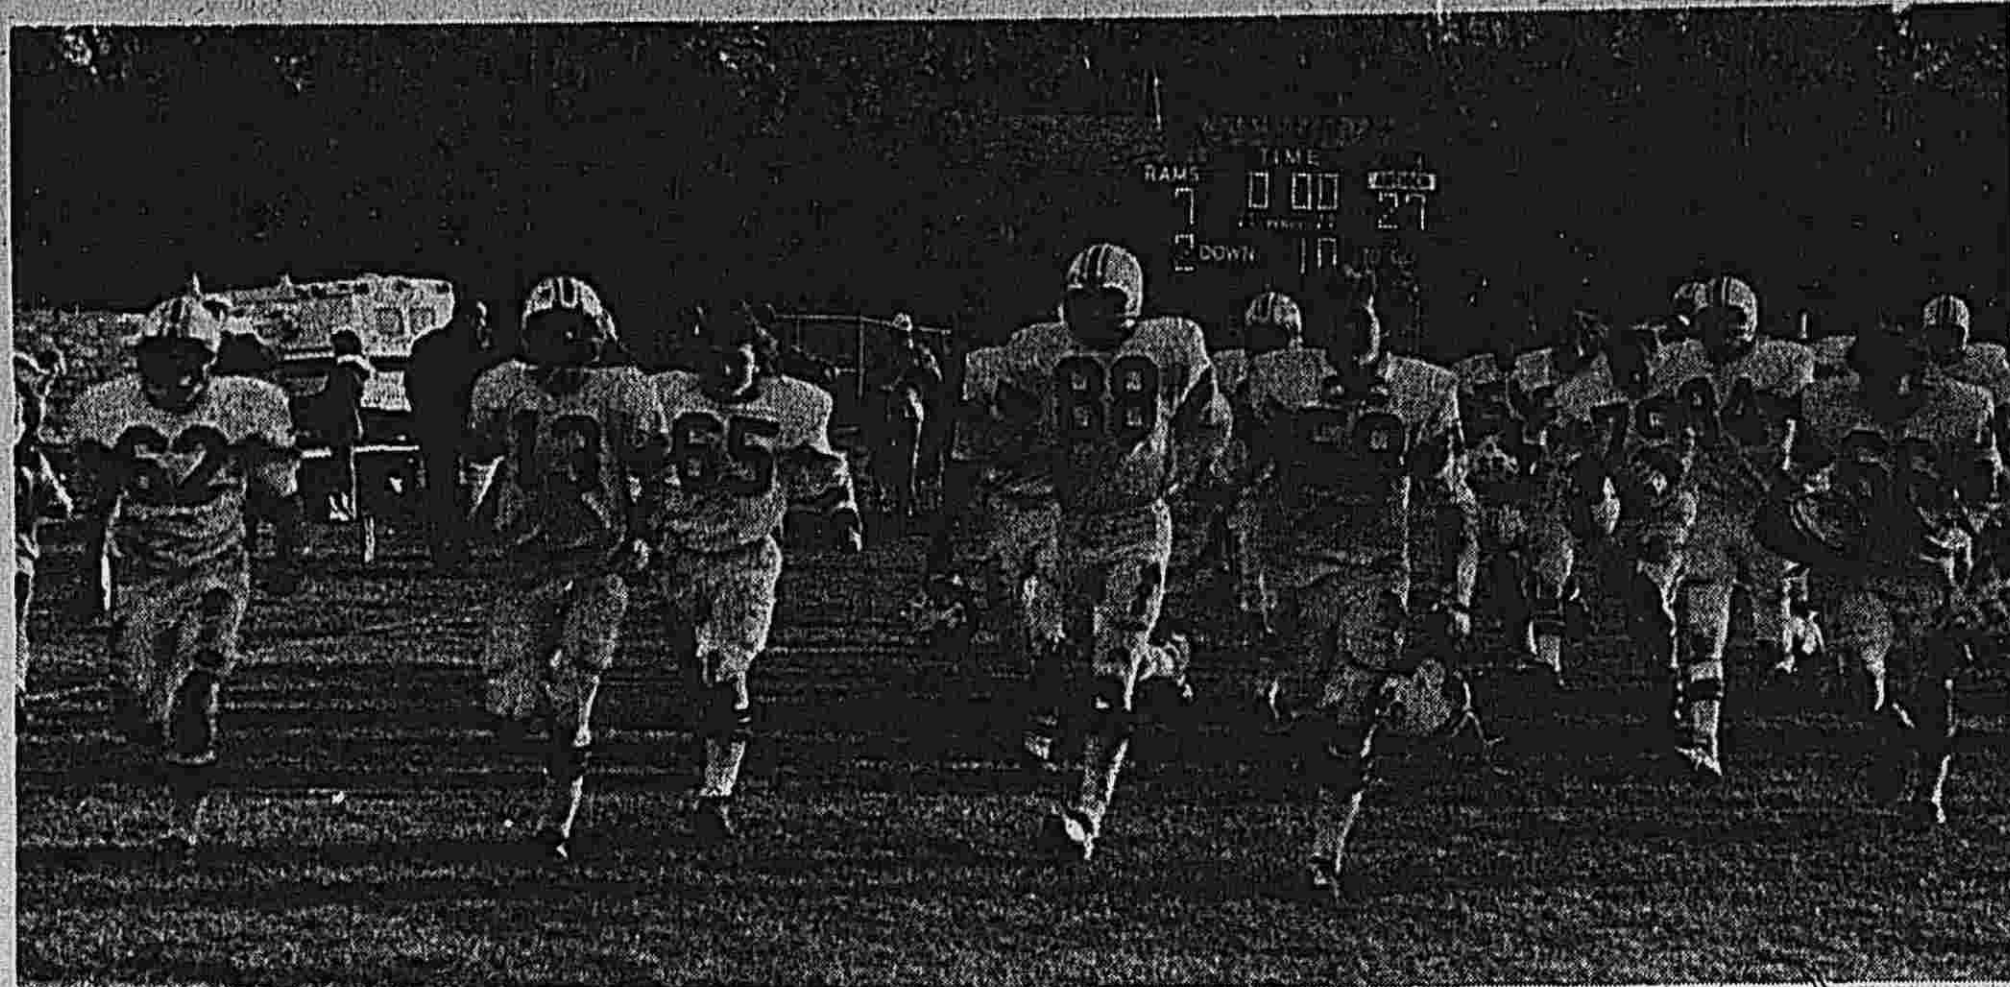

Their surprising victories and remarkable play earned the Sequoits the unofficial title of "The team that won the most respect in 1975" and Roy Nelson, Steve Wapon and Ted DeRousse "conference coaches of the year."

Grant won the championship with a 9-0 record and Stevenson tied Antioch for second.

Antioch had an unbeaten sophomore team this year and when those lads join the varsity next season ... well, the Sequoits should enjoy a lot of fear and respect from their conference rivals.

ANTIOCH GOT off to a slow start at Grayslake because, as Coach Nelson explained, "they wanted to win this game so badly and finish second in the league."

Paul Petty crashed over for a touchdown in the first quarter

THE SECOND-PLACE SEQUOITS left the field happy and triumphant last Saturday after they beat Grayslake 27-7 (see scoreboard in background). From left: Bill Nadelhoffer, No.

but Antioch led by only 6-0 after three quarters.

Then Antioch got it all together. Early in the fourth quarter Jon Bodin passed from midfield, Dan Vos caught it on the 30 and sprinted to the end zone. 12-0.

Marc Lubkeman recovered a Grayslake fumble and a minute later it was 18-0. The touchdown play was something right out of a Hollywood movie.

It covered 40 yards and, listen closely now, it was a triple reverse pass. First there was a fake into the line, then quarterback Bodin handed off

to an end, who in turn handed off to a halfback. The halfback then pitched the ball back to Bodin. (By now Grayslake is confused as you are and Vos is all alone in the end zone.) Bodin throws the pass to Vos for a touchdown.

"You have to have a little fun," Coach Nelson winked. "The last time we tried that play was six years ago when my son, Rick, was waiting in the end zone. Nobody was within 50 yards of him, but he dropped the ball. They told me later that they had to restrain me from running out on the field and

## Antioch Sophs Finish Unbeaten

Antioch High's sophomore football team ended its season last Saturday by trouncing Grayslake's sophs 37-0.

The win completed a successful season for the future Sequoits as they finished unbeaten and posted five shutouts along the way.

Antioch dominated Grayslake by gaining 160 yards on the ground and 70 through the air. The home team was held to 30 yards on the ground and 85 by passing.

"Every member of the team played, with the second string offense playing the entire second half," Coach Bruce Bartosz of Antioch pointed out.

On the second play Tim

Huebner caught a short pass and raced 38 yards for Antioch's first touchdown.

Other scores came from Tom Huebner on five and seven yard runs, Al Moore on a six yard run, and Jim Crutchfield on an 85 yard kickoff return and a 27 yard run.

Coaches Bartosz and Don Zeman said "this was a fine group of boys who had real team desire. They should be a big help to next year's varsity."

## Sequoits

Continued from page 16

Sheppard each did it once and Mitch Witt zonked him twice. That sort of thing kept Grayslake from paydirt until the game was almost over.

THE IMPORTANT statistics were Tim Sheppard's 51 yards in 11 carries, Vos' three pass receptions from Bodin for 102 yards and two touchdowns, and the fact that the players tossed all three Antioch coaches into the shower with their clothes on.

This was a happy Antioch team. It had reason to be.

## Bicentennial Run Set

About 126 high school athletes are expected to participate Tuesday, Nov. 11, in a "Bicentennial Run for Fun, Health and Citizenship."

Dick Harland of Antioch is organizing the event, which is designed to include seven runners from each of 18 high schools in the area.

The distance will be 66 miles and the participants may "split up" the mileage by running relay-style.

The run will start at two locations: Highland Park and Barrington, with both groups finishing at Van Patten Woods on Rte. 173, east of Hy. 41.

Sponsors include the Antioch Lions Club, the State Bank of Antioch and the Antioch Bicentennial Committee.

After the run there will be refreshments, awards and a guest speaker as all the participants gather at Antioch High School.

"This type of an event will give us a great opportunity of promote cross-country running," Harland said.

### Domestic and International

Quiet, Please! Ye Gods another question. If it keeps up you will have to almost give your life history in order to make an airline reservation. The airlines are all trying to service the public in every way possible and everyone.

To some people an airline trip is not a nite at the movies, or a big party or even a moveable feast, but just transportation

sign until it is time to get ready for the landing.

This is just one more service the airlines are trying to give the public today. It use to be they were in the transportation business, but that has changed today. People seem to keep demanding more all the time, but then complain when the price goes up.

When one takes all into consideration, the airlines have made many changes and great advancement for the traveling public in the last fifteen years.

## 'Eckankar' At Library

There will be a free, introductory talk at the Antioch Library at 7 p.m. next Monday. The subject, according to Sri Darwin Gross, is "Eckankar."

"Eckankar," according to Gross, "is an ancient, individual and direct path to God. The material worlds have been established as a school to which the individual soul returns again and again, learning by experience in a continual process of spiritual unfoldment."
